JOSIAH TURNER, Jr., EDITOR.

STRENGTH OF EUROPEAN ARMIES.—In view of the dispatches from Europe, it is interesting to know what military force the nations concerned can put in the field. France has 414,632 soldiers on the peace footing, and 947,271 in the field, a total of nearly 1,100,000. Of these, 370,000 men are now ready to march on the tap of the drum

Austria has 278,470 men on the peace establishment, 838,700 of a war strength, or 300,000 fully prepared to move. Could the South German Confederation or group of States be secured on the same side, they have 66,540 men on the peace list, or 184,406 on the war footing, with 107,000 of these prepared for instant service. Such a coalition would give France the control of 777,000 fighting men at once, with a reserve of 1,596,103 trained soldiers.

On the other hand, Prussia has 724,000 men on the peace or 1,266,000 on the war footing, with 300,000 now ready for operations on her western frontier. North Germany, going with Prussia, has 315,526 on the peace, 551,993 on the field or 944,321 on the war footing, of which 546,000 are instantly available. This would place at Prussian disposal 846,000 men for the first moment, and 1,364,321 in reserve. Thus she would have, instantly, 69,000 men more, and hereafter 231,785 less than the French alliance. Should she be able to manage Southern Germany for her cause she would have 1,053,000 men, or 176,000 more than France, to move at once, or quite enough to cope with her and Austria together, for the time being, with all the advantages of a common language and position. This would leave Prussia still a reserve of 1,441,727 men, or only 151,379 less than that of France and Austria coalesced, a difference swamped to the extent of nearly 90,000 men by her superiority of immediate force.

Italy, out of a force of 376,721 on a war footing, with 197,000 of a reserve, or 573,721 in all, could spare possibly 200,000 men to operate on the French frontier or hold a hostile corps in check. The direct and open participation of Russia is hardly to be expected unless circumstances should force her into the melee. In that case she could dispose of about 250,000 men from about 700,000 composing her army in Europe, including the Cossacks. She could take no other course by family alliance, position, and the recollection of Crimean wounds than to aid Prussia. Sweden and Denmark would, if they dared to move at all, have to go in the same direction, with about 50,000 men. Thus Italy, the Czar and Scandinavia would bring King William 500,000 men—a force that, with South German aid, would place him 430,000 ahead of France, allowing England, Belgium, Holland and Switzerland to remain neutral.

There is a vast copper mine in England where shafts extend many hundred yards under the sea. The moaning of the waves as they dash against the rocks is forever sounding in these gloomy aisles. When the storm comes, the sound of the waters becomes terrific, and even the boldest miners cannot stay below, but leave their work and come out upon the earth. Overhead are a sea of bright copper streaming through the gallery in all directions, traversed by a net work of vein, red veins of iron, and over all the salt water drips down from tiny crevices in the rock. Immense wealth of metals is contained in these roofs, but no miner dares give it another stroke with his pickaxe. Already there has been one day's work too much upon it, as a huge wedge of wood driven into the rocks bear witness. The wedge is all that keeps back the sea from bursting in upon them. Yet there are three tiers of galleries where men work by day, not knowing but at some fatal hour the flood may be upon them, rendering all escape as hopeless as it was in the days of Noah. The awe-stricken visitors hurry away from the scene with a heart appalled in view of the hourly dangers.

CABLE FROM FLORIDA TO CUBA.—Cyrus W. Field, the pioneer Atlantic cable layer, asks of Congress permission to lay a cable between the United States and Cuba. His petition was presented in the Senate sometime ago. To get rid of the existing International Ocean Telegraph Company, which has a monopoly of the privilege sought, Mr. Field offers, if Congress will repeal this grant, (as it reserved the power to do,) to buy the cables and lines of that company at cost, with ten per cent. interest added, less the dividends heretofore paid to the stockholders. He further offers to transmit messages for one fourth of the charges now made by the International Company

Faber's speaking-machine is attracting attention in Germany. It pronounces each letter distinctly, and even laughs and sings. German philologists have heretofore declared it to be impossible to imitate the letter I (as pronounced in German) by artificial means, but this machine speaks the word Mississippi very plainly. During a performance at Berlin, a slip of paper, containing the words, "Long live King William of Prussia," was handed to Mr. Faber, and correctly pronounced by the machine, whereupon there was a great deal of applause.

The Washington *Star* says that "Shoe Fly" has got into the Senate. Recently, Mr. Hamlin in the course of his speech on the income tax question paused to interrogate Mr. Morrill in regard to what he construed to be a vigorous expression of dissent by that gentleman to his proposition that it was necessary to replace the income tax by a tax on sugar. Mr. Morrill intimated that it was a mistake, he had not dissented.—"But," said Mr. Hamlin, "you shook your head." Whereupon Mr. Morrill, explained that he had shaken his head to get a fly off, and the matter ended with a ripple of laughter among the grave and reverend seignors.

WATCH THE THIEVES.—The New York *Tribune*, apropos of the closing week of Congress, utters its annual warning cry of "Watch the Thieves!" It thinks that between this and next Friday, the day of adjournment, many millions may be slipped into the appropriations which will bear watching. It is the big jobs, however, the millions upon millions of land grab, bond issues and subsidies, etc., that are the overwhelming evil. At the same time, however, let the appropriation items be watched.

"Well my boy, do you know what syntax means?" said a schoolmaster to a pupil, "Yes, sir," was the reply; "it is the duty on whisky."

WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these timekeepers.

More than 450,000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skilful artizans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mentioned improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co., - - - Waltham, Mass.
Amn Watch Co. - - - - Waltham, Mass
American Watch Co.,
Crescent St., - - - - Waltham, Mass.

REGISTER! REGISTER!

Don't forget that every man in Wake county must register anew this year, before the August elections if he would vote.—The same is true of every other county where changes in township or county boundaries have been made.

The fact is, the law plainly requires every man to register, and it is the saftest plan to do it.

W. H. NORRIS.

The *Standard* of this morning says Mr. Norris' letter, published by us a few days ago, is full of misrepresentation. This is a matter between Joe and Dad on the one side, and Mr. Norris on the other. We think Mr. Norris will be believed in regard to his statements. He has never borne the character of a man who would prevaricate, and we don't believe he has done it in this instance.

His son was sick when the detective and soldiers came to his father's house. He arose from his bed, where he had lain all day without eating anything whatever. A gentleman who was at Cook's Hotel, where Mr. Norris prepared his letter heard him make this statement, which is substantially as he made it in his letter. He further stated while here, that he brought a large fat man who, they said was the Marshal, to take bail for his son, as he was sick, and that the man, (Carrow) refused, saying, if his son was sick he would employ a physician.

Mr. Pegram's family were about to start for Church when the soldiers arrived at his house. His wife and daughter who were afflicted were not going, of course, nor the son who was in the field, but other members of the family were preparing to accompany the Presiding Elder to Church.—Mr. Pegram and his son say so, and we believe them, so will the public.

As to Col. Frank refusing to keep the young men under guard, we never heard of it before, and it is very unlike him, if the Wilmington papers have spoken correctly of his kindly and gentlemanly bearing. It was the Lieutenant, Powell, however, was said to have made the offer.—This will not be denied, for he told young Pegram so.

But the thrusting these young men into the felon's prison, was a cruel outrage, we care not who did it. We believe it was the deliberate act of Holden, Carrow and Shaffer. If Col. Frank did it after his soldiers had already had these boys in charge for twenty four hours, then it tells us as much about Col. Frank as we wish to know. We shall require further evidence to make us believe he did it.

DAD DOING HIS LEVEL BEST.

It is evident to every one familiar with his style, that Governor Holden not only writes most of the editorials of the *Standard*, but is the author, also, of a good deal of its correspondence.

He wrote every word of the letter which appeared in the *Standard* of this morning, purporting to come from Washington.—This is an old trick of the Governor's.

We have been informed that Mr. Oliver Dockery wrote to his father that the arrest of Graham and a few others, was common talk with Pool and Abbott in Washington. So much on that head; what the Governor writes from Washington is not true.

Perhaps the Governor dreams of one day getting into the White House, and writes letters to the *Standard* in his sleep.

Col. A. M. Waddell, of New Hanover, accepts the Conservative nomination for Congress in the 3rd district, and issues to the voters of that district an able address.

A WORD OF WARNING TO DEMOCRATS AND CONSERVATIVES.

The indications are exceedingly favorable all over the State, for your success in the August elections. With proper efforts we may elect four Congressmen out of the seven. We may carry thirty of the fifty Senatorial Districts, if not more. We may elect seventy or more of the hundred and twenty members of the House, and elect the county officers in some fifty-five counties.

The Radicals are greatly alarmed at the general and intense opposition of the people to the Holden administration. They are divided, the carpet baggers against the scalawags, and the scalawags against the carpet baggers. The colored people have lost confidence in both, and must either rally to men of their own color, or seek honest and capable men among the Conservatives and Democrats to represent him.

Many who have heretofore called themselves Republicans and who have acted with the Radicals, are ashamed of their former associations. No man, white or colored, who desires to be respectable, will dare to defend Holden's administration. The waste, extravagance, dishonesty and stealings of the leaders of the party, are too palpable to be defined by any one. Holden and his abettors are determined to cover up their conduct, if possible. They will resort to any means to prevent an exposure of their villainy by a Democratic Legislature.

This is the real cause of Holden's military scheme, and the employment of Kirk and other hirelings, to prevent, if possible, the defeat of their party.

Conservatives and Democrats, you can defeat their nefarious schemes, *if you will*. You can elect honest and true men in the August elections and save the State, *if you will*. WILL YOU DO IT?

What you need is unanimity, energy, courage and a determination to succeed.

1. Thousands have heretofore not registered, and thousands have not voted since the war. Four-fifths, or nine tenths of these are Conservatives. Will you not urge every man to register and vote the straight out Conservative Democratic ticket?

2. Some candidates have been nominated on our tickets, perhaps, whom you do not prefer and do not wish to vote for. At ordinary times you might, without any harm, scratch your tickets and vote for others. But you cannot do it now for any reason whatever, and be blameless. A vote for an independent candidate, or a Radical nominee, or not to vote at all, is a vote for Radicalism and against your principles. If you believe the welfare of the State requires the defeat of the Radical ticket, you would act inconsistently to refuse to vote for the Conservative nominee, or to vote for an independent candidate, or a Radical nominee, or not to vote at all, and would be doing a wrong to your principles. We warn you not to act thus.

3. Once more, rally to the defense of your State. It may be your last chance to save her from the vandals. Be calm. Be on the alert. Keep cool but work. Let the Radicals and Holden and Kirk do their worst; it can only recoil upon their own heads, if you determine to preserve your temper, and do your duty. Obey the laws. They may fret and worry you and try to exasperate you, but keep cool and do your duty. Holden's military plans, the employment of Kirk, and other outrages, are telling powerfully against him and his party. Let us avoid everything that would produce a re action.

Rally to the rescue! Let every man work between this and the election day, to carry the State.

HOLDEN ON BUTLER.

"It gives us pleasure to know that North Carolina, where there are Buffaloes still, is to have a taste of Butler's rule in her seaboard counties."—*Richmond Enquirer.*

"Thou villain! the people of the seaboard counties of North Carolina are as loyal as thy masters. They have endured more, suffered more, and accomplished more to secure the independence of the South than any people in it, and yet, you dastard miscreant, scoundrel, express a satisfaction that the Beast, Butler, has been commissioned to rob and plunder them.

The writer of the sentence we quote has not a cent at stake in the country, except his neck, and yet he rejoices that Butler, the despised of God and man, has been sent to furnish the Buffaloes of North Carolina.

If Butler comes into North Carolina, we will try to welcome him with hospitable hands to a robber's grave."—*Standard*, when edited by Gov. Holden.

GOVERNOR HOLDEN ON CARPET-BAGGERS.

During the war, a few Virginians and now and then a Marylander, was appointed, not to a State, but Confederate States office in North Carolina. The Governor did not like it, as will be seen from the following utterances taken from the *Standard*:

"Now is it true that there are vulgar prejudices in this State against Virginians? Our people have complained and justly, that the administration at Richmond has filled many of the Confederate offices of this State with Virginians and Marylanders, to the exclusion of our own native citizens. Blackguards, bullies and seedy bankrupts from Virginia are not held in higher estimation here than elsewhere."

If we would imitate the Governor in coarse language we would say, "Thou villain, miscreant and dastard!" After expressing such sentiments in favor of natives, why didn't thou choose Tourgee for Judge, Littlefield for President and Printer, Ashley for Superintendent of Public Instruction, Menninger for Secretary of State? Brewer and Martlin as Professors of the University, Laflin for State proxy on Railroads, and Davis, the woman-nurser, for Treasurer. If we could be excused for using the Governor's language, we would read over this list of beggarly strugglers and say, "Thou villain! miscreant! dastard! how came they here?"

There will be a big camp meeting at Cape Hatteras on the 16th of August.

Newbern is in a perfect fever of excitement over the projected race between the boats "Lady Grey" and the "Sunny South."

MURFREESBORO, N. C. July 11, 1870.

Messrs. Editor:—Pursuant to a call for a Convention, the Conservatives of this and Bertie county, met on Saturday 9th inst., at Ahosky Church to nominate a candidate for the Senate for this district, Hertford and Bertie counties.

The meeting was called to order by Langley Taylor, Esq., and at his suggestion John Wilson Esq., of Bertie, was called to the chair. On taking the chair, he explained the object of the meeting and after a few brief remarks the Convention proceeded to business. George W. Beverly Esq., was requested to act as Secretary and T. L. Moore was called as assistant. On motion a Committee was appointed, representing both counties, to meet and report the name of some gentleman, who would be acceptable to both counties as their candidate for the Senate. The Committee returned and reported the name of L. W. Mitchell Esq., who had been formerly nominated as the choice of Bertie county.

Messrs. P. H. Winston, Jos. Cherry, D. V. Valentine and A. T. Shaw, were appointed as an Executive Committee in the canvass, and, on motion, the names of L. W. Mitchell and Thomas Jernigan were added to this Committee.

Mr. Thomas Jernigan, the candidate for the House of Representatives in Hertford county, then rose and delivered a forcible and very creditable address to his hearers; rehearsing Radical abuse of power, their useless extravagance in office, and ended amid loud applause.

Mr. Mitchell then followed. He thanked the Convention for the honor unanimously conferred on him, and then delivered an energetic and stirring speech, characteristic and well suited to the occasion. After a severe exposure of Radical wrong doing, he closed his speech with applause, his hearers evidently well pleased with their choice.

The meeting then adjourned.

PITTSBORO', July 11, 1870.

HON. JOSIAH TURNER, JR:

Editor Sentinel—Sir: In an article published in your paper of the 6th inst., signed "Chatham," dated Pittsboro', July 2nd, 1870, I find the following language, to wit:

"Not a man spoke in this meeting, (I mean the whites,) who did not leave the impression that he was talking for a place of some profit, that he was hiring himself out to pander to the prejudices of the colored race, with the sole view of advancing himself."

If this language was intended for me the author of it penned a *wilful lie.*

Respectfully, yours,
N. A. RAMSEY.

Having been informed (not officially) that I had been nominated by the Radical Convention which assembled in Yanceyville on Saturday July 9th 1870, for the office of Register of Deeds, I hereby decline the said nomination, while I appreciate the compliment that was intended to be paid me, I cannot lend my name to a party with whom I have no sympathy, and request that my name be withdrawn from the ticket.

J. A. HOPKINS.

Yanceyville, July 12th, 1870.

A BREAKING UP.—The New York Sun which notwithstanding its ultra Radicalism, is extremely anxious to see the final catastrophe, says:

There is an evident breaking up of the Republican column, which is spreading alarm far and wide. This Dominican affair only hastens the catastrophe. Gen. Grant has not only failed to meet the expectation of the party, but he has exhibited an obstinacy, combined with incompetency, threatening the most serious consequences. He shows the worst points of Johnson's nature, without his political ability. The alienation and disaffection among Republicans are open and growing. Power and patronage alone prevent a direct issue now between the party and the President. But it must come in some form, and before long.

Dr. C. J. O'Hagan of Pitt has been selected by the Executive Committe of the 2nd district as the Conservative candidate to fill the vacancy in the 41st Congress, occasioned by the death of David Heaton.—The nomination is a capital one and will be the means of adding much strength to the Conservative party in the East.

The Radicals of Bladen county have nominated Foster, the "Mummy Doctor," for the Senate.

For the Sentinel.

ATTENTION REPUBLICANS.

Remember, that the Governor, whose administration you support, has seen fit to call into service one thousand men under the control and management of the notorious Kirk, from East Tennessee.

Remember, that he declares his purpose to be the preservation of the peace.

Remember, that this call for troops has been made in the midst of a heated political contest and on the very eve of the election. Do you believe the Governor's purpose is to preserve the peace and to protect the citizens of North Carolina in the free expression of their political opinions? Do you believe that he would employ such an agent as Kirk, just at this time, to consummate that purpose? Do you believe that he would call from the State of Tennessee, a notorious ruffian and robber, if it was his honest desire to preserve the peace in the State? If you do, listen to the following facts as I shall briefly state them, and if it doesn't stir the blood in your veins and cause you to tremble for the safety of North Carolina, God save you from such fanaticism. On Friday the 8th, Kirk with his armed mob passed through this place on his way "God only knows where"—(if he knows anything about such an abandoned wretch.) Before the train had fairly stopped at the depot, three or four of his devils jumped off, and with pistols, guns and drawn swords, committed a most wanton and murderous assault upon the Agent of the R. R. Company, Mr. Lawson Fry. Mr. Fry, as was his custom, was out at the track to meet the train, in the discharge of his duty as Agent, and while thus discharging his duty, he was assaulted as above indicated, driven into the depot warehouse, was made to take up a bucket of water, and after offering repeated insults to provoke resistance and excite a disturbance, with drawn swords and pistols presented at his breast, he was ordered out to the train, and there, under the curses, imprecations and threats of taking his life, he was forced to submit to the most humiliating and damning requirements, under the jeerings and curses of a thousand armed ruffians, called out by Gov. Holden to preserve the peace in North Carolina. It seems that an empty car has been standing at the Newton depot for some days, awaiting the shipment of grain, that whilst thus standing, some one (who is now known to be a small boy and not 13 years old) wrote on the side and end of the coach, the following inscription: "Dead men tell no tales," "Ku Klux Kirk." This was done on Tuesday morning. The words were written with chalk and was simply a piece of boyish mischief. This writing was called to Mr. Fry's attention by some one on Wednesday, who heard, probably the mail carrier on W. N. C. R. R. say that Kirk's men would be along in a few days, and that some one would be hurt if that writing remained on the coach. Immediately upon hearing this Mr. Fry procured a bucket of water and he thought succeeded in entirely obliterating the writing, and the fact is that it was so nearly obscured that it required the closest observation to discover it at all. After being made to re-wash the coach he was then escorted (by the same guard) back into the ware house, required to take his marking pot and brush and alter applying it to the writing (which was then illegible) was made to write, "*Kirk is a man.*" About this time "Kirk" made his appearance and mildly told the boys "that would do" and thereupon made Fry mark out "*Kirk is a man.*" About this time the train started off when one or two of the *lambs* drew their pistols and presented them at the Engineer and threatened to shoot him if he refused to stop his train. After some little time consumed in cursing rebels and swearing that they would kill from the cradle up but what they would exterminate rebels, and Ku Klux, the bloody and cowardly devils left, we hope never to return. During the time consumed in perpetrating this outrage Mr. Fry was not even permitted to open his mouth, and when he did attempt to speak, he was punched with pistols and guns and invoked fresh curses and threats on his head, and whilst in the act of applying the marking brush to the writing on the coach he was rudely forced to pull off his hat and thus humiliate himself to a band of lawless banditti and East Tennessee ruffians styled Governor Holden's Militia, called out with a view of preserving peace in North Carolina. "Now" the villian who makes the utterance, *lies*, they were called out to terrify the people and thus influence the August election with a view of perpetuating his hellish rule in North Carolina. They will commit other outrages similiar to the one perpetrated on Fry, and perhaps more diabolical. It is done to provoke resistance. It is done to excite and irritate the public mind. It is done to afford them some pretext for sending armed guards in our midst; and thus prevent a fair election, especially in those districts where the contest is about equal. Conservatives and Democrats in North Carolina, possess your souls in peace, the heel of the tyrant is on your necks. Refrain from lawlessness and violence, submit to these outrages with patience and that Roman virtue that has made you the most distinguished people on the face of God's green earth. Brother comrades in the Confederate army, we are the power in North Carolina, let us counsel peace. Let us submit to our lot, our courage has been tried on many a hard fought and bloody battle field and thank God our record is untarnished. Your native State is to day in the very throes of ruin, it is your duty to go to her rescue. Let us remember against whom we have to contend, and what is at stake.

Let us remember that these insults are offered to us with a view of forcing us into resistance and irritating us into violence. Brother comrades, much depends on our action and conduct. Let us act with becoming propriety and all will be well.—Peace will again smile upon our benighted land and the voice of reason will again resume its sway. I forbear any further comment upon the conduct of Kirk and his men. The facts as I have related them are true. We will write to the Governor and if it is his purpose to preserve the peace in North Carolina, he will interfere and see that Mr. Fry's grievances are redressed.

CATAWBA.

A SOUTHERN FACTORY.—The cotton factory at Augusta, Ga., runs 16,000 spindles, and Senator Sprague says that it is the best managed institution of the kind in the country. The amount of capital invested is $600,000, and for several years past the annual dividend to the stockholders has been twenty per cent.—The daily product is 26,500 yards of manufactured cloth. The operatives number 500, and their monthly wages amount to $12,000. No share of the stock, costing originally $100, can be bought for less than $187. It is stated that the families connected with the operatives in the factory number twenty five hundred souls.—This is a strong inducement to build up cotton factories in every portion of the South.

Judge Pitzer, of California, vindicated the dignity of his court against an irreverent lawyer by leaving his place and giving the attorney a severe caning. The judge then resumed his seat and told the whipped pleader to proceed with his remarks.

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in most cases, some decidedly lower than those of the leading Mutual Cash Companies.

The Excelsior issues Policies on all the plans of Mutual or Stock Companies, extending to policy holders all the really desirable advantages. Its policies being non-forfeiting, the insured are privileged to live and travel where they please in any healthy part of the world, they participate in profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, and a privilege which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 3 or more annual premiums.

☞ Hitherto, I have been restricted in the very popular Company which I had the honor to represent to Stock rates alone, which most of the Mutual, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies, in this State, who Excelsior induced me to accept the management of that Company, whose plan combines all the popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue because of the death of those for whose benefit the policy was secured, into an Annuity Bond which provides an income in cash, through life, or for a series of years as is offered.

Circulars giving full explanations and any other information will be cheerfully furnished.

The most liberal arrangements, will be made with first class solicitors, to push the Excelsior forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

RALEIGH TOWNSHIP MEETING.

There will be a meeting of the Conservatives of Raleigh township, at the Court House, on Friday night, for the purpose of making nominations for the various township officers. Come one, come all; let us put forth our candidates and give our opponents a square fight on the first Thursday in August.

A DESTITUTE FAMILY.—Mr. P. F. Pescud, waited on a number of our citizens yesterday to solicit aid for the relief of a large family who are very uncomfortably situated. We learn that he had raised, up to last night, about thirty dollars. We hope others will respond when called on.

The family alluded to consists of father, mother and nine children; they were once in comfortable circumstances and are very respectable. Nearly the entire family are now ill with typhoid fever. The eldest son died on Monday and others of the family are almost hourly expected to die. They are all ill in one small, badly ventilated room, with only two beds—one of the daughters lying only on a sheet spread on the bed cords. The whole family, in short, is in a most pitiable condition, and we feel confident that their case needs only to be known to our citizens to induce them to contribute to their relief.

NEW GAS MAIN.—The Raleigh Gas Light Company has just completed the laying of a new and large gas main in Wilmington street, a distance of twenty-five hundred feet, to supply the Northern end of East Ward.

Another very pleasing feature of the Company's recent doings, is the reduction of the price of gas to private consumers to $6 per thousand, taking effect from the first of June. We hope that circumstances will justify a still further reduction by the time the long winter nights come, and that the Company will avail of the opportunity to dispense still cheaper light.

DOGS.—The broiling hot weather is on us, and yet the canines have the free run of the city. We know of one rabid dog being killed recently in the eastern part of the city, and there is no telling how many he bit before he was dispatched.

By the way, we have often been puzzled to know how a tin collar around a dog's neck kept him from going mad, or how it prevented him from biting folks after he did go mad. It is a mystery we can't see into.

We saw a dog on the street this morning that had a very suspicious appearance about the eyes and mouth. Look out.

Whooping cough and diphtheria are now the fashionable complaints among the juvenile population of Wilmington.

TICKETS! TICKETS!!

Send in your orders for tickets. There is no time to lose. Let every county, where there is no local printing office convenient, make out a full, fair list of their candidates, and send them to us, we will print them on reasonable terms.

This ought to be attended to at once, otherwise inconvenience and loss of votes will be the result.

CORRECTION.—In our notice of the sudden death of Mr. Henry Patterson yesterday, we left room for the impression to be made on the mind of the reader that Dr. E. B. Haywood did not see the patient until it was too late to perform the operation of opening the wind-pipe before he died.—In this we were in error, as Dr. H. saw the patient with Dr. Johnston before 3 o'clock, and spoke of the operation at that time, but not having his instruments with him, and finding the patient was able to swallow medicine, a prescription was left and both retired, having agreed upon the time they would see the patient again. Mr. Patterson died about six o'clock.

HAIR WORK.—We were shown yesterday, a beautiful wreath made of human hair, consisting of some thirty different pieces, made into as many different specimens of flowers, enclosed in a nice frame, as a family momento.

The fabrication of this ornamental family relic, is the work of Miss Florence McGowan, who is the pupil of her mother, Mrs. P. McGowan, and her aunt, Mrs. Lucy Blake, of this city.

These ladies give lessons in hair work, drawing, painting, wax work, &c., in which pleasing arts we are glad to learn that several young ladies of our city are receiving instruction.

GETTING HOMES.—We learn that many of the colored men are obtaining homes in the vicinity of the city, through the aid of the Raleigh Co-operation Loan and Building association. These associations are doing good, and we should like to see more of them established and properly managed.

The Blood in Summer.

The blood deteriorates in hot weather. Profuse perspiration deprives it of a portion of its nourishing and reproductive properties. Consequently, in Summer, the flesh loses in some degree, its firmness, the muscles lack their usual elasticity and vigor, and the weight of the body diminishes. These are clear indications that the ordinary supply of the life-sustaining principle afforded by the food we eat, is not sufficient to meet the requirements of the system under a high temperature. There is another reason for this, besides the direct influence of the heat, viz: the loss of appetite and the weakening of the digestive powers which it occasions. Under these circumstances a wholesome invigorant is evidently needed, and the best and safest is Hostetter's Stomach Bitters. This admirable vegetable tonic and alterative, acts favorably upon the system in several ways. It increases the appetite and facilitates digestion, thereby inclining the stomach to receive and enabling it to assimilate a due amount of nourishment. It also tones the relaxed secretive organs and the bowels. Under its operation the process of emaciation, occasioned by the drain through the pores, is arrested, the whole frame refreshed and invigorated, and the spirits exhilarated. The dyspeptic, the bilious, the nervous, the debilitated, scarcely need to be told that it is precisely the stimulant and corrective they ought to take at this season.—Thousands of them know the fast by experience. Nothing in the pharmacopœia (or out of it) will supply its place—least of all the trashy local nostrums which some unscrupulous dealers would be glad, for the benefit of their own pockets, to peddle out in its stead.

READ AND PONDER.

I never read a dozen pages of medicine in all my life, and of course know nothing about it. But, as I said before, Dr. Hammond is my authority for saying, that any man who smokes such good Cigars, or chews such good Tobacco, as you can find only at PINCK C. HARDIE'S, need have no fear of declining health. But will, on the contrary, improve in health and increase in flesh so long as he continues to use them.

Indeed the authority of such distinguished Physicians as Dr. Hammond is not needed to convince you that I only assert what can be substantiated, by contrasting our esteemed fellow citizens, Jno. C. Palmer and Jas. M. Towles, "who never smoke," with such men as my friends Creech on the corner, Maj. Tucker just opposite, Harvey Moore, of the SENTINEL, and Simon Hayes, the Livery Stable man, and a host of others I could name, who use my Cigars and Tobacco.

Suffer a word of exhortation; come and see me. Try my goods, and if I don't suit you go further and fare worse.

WASHINGTON.

WASHINGTON, July 13.—Revenue to-day $80,-000.

The steamer "Plymouth" after adjusting her compass will sail for Lisbon.

The new Federal officers at New York will qualify early next week.

Capt. H. Patterson, temporarily commands the Navy yard. It is thought that Admiral M. Smith will succeed Dahlgreen.

The Georgia Committee cannot agree. Farnsworth, Hamlin and Thurman insisting upon making the election this Fall mandatory, upon which Butler, Paine and Howard take stubborn issue.

SENATE.—The fifteenth amendment enforcement bill is ordered to be printed.

The report of the Conference Committee on the tax and tariff bill was adopted.

A bill was introduced restoring Major James Belger to his rank in the army.

The bill adding the New Orleans, Baton Rouge and Vicksburg railroad, passed.

Executive session.

HOUSE.—The Conference Committee was ordered to report on the army and the civil appropriation bills.

The report of the Conference Committee on the tariff was adopted.

The following eulogy indicates its character. Schenck said the Senate having accepted the report of the Conference Committee it now rested with the House whether the bill was to become a law. He said that by a calculation based upon the receipts of last year, the bill as it now stood would effect a reduction in the taxes of the country. He complained that the House by concurring in the first amendment of the Senate, which struck out one half the bill, had put it out of the power of the Committee to do anything in relation to a large class of taxes. By adopting that amendment, the House had released Bankers and Brokers from special taxes. Wall street from which millions of revenue could have been collected without injury to the material interests of the country was by that action made free of tax. The lotteries and theatres were also made free. By another portion of the bill which had been stricken out, the Conference Committee were prevented from providing for any security in the printing and issuing of revenue stamps which amount to $100,000 000 annually and for the embezzlement of which there was no sufficient responsibility. He felt that the House had acted hastily and injudiciously in accepting that amendment.

Brooks addressed the House, claiming that while there has been a reduction of the duty on tea, sugar, coffee, shoes and some other articles, the duty had been increased on a large number of articles and proceeded to enumerate some of them, when he was interrupted by Mr. Benjamin, of Missouri, who reminded him that the duty on hemp, an important product of his State had been reduced 30 per cent.

Mr. Brooks.—Oh! well, hair pins are retained.

Mr. Benjamin.—Yes, but hair pins do not grow in the soil of Wisconsin.

Mr. Brooks reviewed the bill by items and claimed that it had been framed in the interest of the manufacturers at the expense of the laboring class. He gave notice that the people would not submit to the bill, and that its speedy revision would be demanded; even the negroes of the South would soon be sufficiently educated to understand that they are taxed on their shovels, their hoes, and even on their spool cotton.

A motion to suspend the rules to take up the Texas Pacific Railroad bill, failed by a vote of yeas 7, nays 163.

A joint resolution suspending the use of metrics at whisky distilleries was adopted.

GEORGIA.

AUGUSTA, July 13.—Rev. J. F. O'Neill, died at Savannah; aged 80.

NEW YORK.

NEW YORK, July 13.—Two hundred persons were injured at the Orange versus Catholic riot at Elm Park, yesterday. Five are in Bellevue hospital that will certainly die, and four are already dead.

Specie shipments to day will amount to $500,000.

MARYLAND.

BALTIMORE July 13.—A citizen of Carroll county, was sentenced to six months imprisonment for selling cigars from boxes not properly stamped.

Thursday Evening Dispatches.

WASHINGTON.

WASHINGTON, July 14.—The House is clearing off the business on the speaker's table.

Nothing interesting to the South.

SENATE.—Howard, from the Conference Committee on the Georgia bill, reported that the Committee were unable to agree upon a report, and moved that the Senate concur in the House amendments. He thought the bill ought to be passed at this session. This could be accomplished and the whole question settled by a concurrence.

Trumbull opposed the proposition as involving the abandonment of the position of the Senate in maintaining the right of the people of Georgia to hold an election during the coming Fall. Upon his suggestion, Howard withdrew his motion with a view to a possible settlement in the Conference Committee.

Wilson from the Military Committee reported adversely upon the bill directing the Secretary of the Interior to deliver the Mount Vernon Relics to Mrs. Mary Custis Lee. He said he was personally in favor of the bill, but had been overruled by a majority of the Committee.

Senator Norton is dead.

FOREIGN.

LONDON, July 14.—General uneasiness still characterizes the feeling throughout Europe.

The tone of some of the French official papers is pacific, others hostile and warlike.

The resignation of the French minister is asserted and denied.

The French people and journals are indisposed to accept Hohenzollern's father's dispatch forbidding Hohenzollern's candidature as a finality. Peace without a direct acknowledgment from Prussia would be more shame than success.

The newspapers "Liberti," "Moniteur" and "Paye" are very bitter on the ministry for primary arrogance and subsequent timidity.

De Grammont announced to the Corps Legislatif the withdrawal of Hohenzollern, but that negotiations had not yet terminated, and asked the Corps to wait until Saturday for a full exposition.

The Paris press thinks the settlement promises and dangerous to France, simply enabling Prussia to chose a better opportunity.

The "Telegraph" says that a formal reply from Prussia is the only thing that can restore confidence.

BADEN, July 14.—Napoleon is dissatisfied with the mere withdrawal of Hohenzollern's candidate. He insists that Prussia formally disavowes the candidature, which the King of Prussia refuses on the ground, that the concession would produce more extravagant demands from France.

ROME July 14.—The infallibility Dogma was carried yesterday by a vote of 450 to 88.

EMS July 14.—The French Ambassador to-day demanded an audience of the King of Prussia to exact that the Prince of Hohenzollern's renunciation be made perpetual, and that the Royal vere be applied to any fresh approach to the Prince on the subject of the Spanish Crown.—The King declined to receive the ambassador and answered him through an aid de camp, that he had no further communication to make.

The Equitable

LIFE ASSURANCE SOCIETY OF THE UNITED STATES

92 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,

GENERAL AGENTS,

CHARLOTTE N. C.

THE EQUITABLE

HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (sums assured), for the year 1869, exceeded that of the second company in rank by more than THIRTEEN MILLION DOLLARS.

In 1860 it was the 20th *Company* in new business for the year; in 1861 it was the 8th; in 1864 and 1863, the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" AFTER THEY ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends, at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY-SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

Gentlemen of character desirous of forming a connection with the Society as Agents are invited to communicate with its General Agents.

SWEET QUININE

is made solely from Peruvian Bark (so is Bitter Quinine), therefore is of Vegetable origin, and not a Mineral poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE

acts as an antidote to, as well as a cure for, malarial or miasmatic poison, the absorption of which by the lungs causes Intermittent Fevers, etc. The only advantage claimed for

SWEET QUININE

over the use of old Bitter Quinine is the entire absence of that intense, persistent bitterness, which in the latter is an insurmountable obstacle to its use with most persons, and always with children.

SWEET QUININE

is in two forms—in POWDER, for the use of Physicians and Druggists, and FLUID, for use in the family and for the general public.

UNPRECEDENTED SUCCESS

Medal Awarded by the Paris Exposition, 1867.

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the highest award in premiums and diplomas wherever entered for competition at fairs and exhibitions held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Place it unquestionably far in advance of any other similar invention

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement, never before accomplished by human ingenuity,) making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparatively noiseless, easily understood, and in a word it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Miss Townsend's Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

Instructions in the use of the machine will be given to all purchasers gratis.

Guaranteed to make a better and safer Light than Coal Oil and to be NON EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronounting it to be a safe and brilliant illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

MR. J. L. KITCHIN:

DEAR SIR.—We certify that the "Balding Pumps" put up by you in the town of Scotland Neck are a perfect success. They pump very rapidly, and by attaching hose, will throw water from 40 to 60 feet and would prove invaluable in case of fire.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skil and care in the selection of risks*,—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.

Gen'l. S. B. BUCKNER, Manager Southern Dep't.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."
